PHYSICIANS

50/50 Sports & Family Medicine Opportunity with Eagle Physicians in Greensboro, NC for Summer or Fall 2025

Practice Summary: Eagle Physicians & Associates, P.A., is a physician-owned, physician-led multi-specialty medical group of 55 MDs (25 are family physicians and one is sports medicine) serving the Greater Greensboro area. Eagle's residency-trained, board-certified family and sports medicine physicians care for their own patients in the office, emphasizing clinical excellence, evidenced-based diagnosis and treatment, teamwork, continuity of care, good communications, professionalism, outstanding service and maintaining a highly collegial atmosphere. Eagle has seven well-established primary care offices in Greensboro and one neighboring community, and also operates an afternoon, evening and weekend after-hours clinic. Consultation from board-certified physicians in gastroenterology, ob-gyn, sleep medicine, endocrinology and pediatrics is readily available within Eagle. The full spectrum of other consultative and referral services is available in Greensboro from members of the Cone Health System medical staff.

50/50 Sports & Family Medicine Opportunity with Eagle: Eagle is currently recruiting for a full-time physician at Eagle @ West Friendly to work 50% Sports Medicine and 50% Family Medicine initially and then track to 100% Sports Medicine after the practice builds. Additional information about Eagle can be found on our website (www.eaglemds.com) about the West Friendly physicians including Eagle's Sports Medicine physician Dr. Caroline Allen. Eagle's family and sports medicine physician have chosen not to do inpatient care (which is covered 24/7 by the Triad Hospitalists), or obstetrics. Sports Medicine candidates will perform ultrasound guided injections and diagnostic ultrasound, do informal interpretation of diagnostic imaging pending radiology review, diagnose and manage concussion and uncomplicated fractures, and have basic DME knowledge. Eagle's Physical Therapy division, which is next door to the Sports Medicine office at West Friendly complements these services and provides exceptional care and access to Eagle's patients.

Eagle offers a competitive financial guarantee and a comprehensive fringe benefit package during the first year with the group with partnership is available after 1 year. Flu vaccine is required as a condition of employment, absent Eagle approved exemption.

Hospital Information: Patients of Eagle family and sports medicine physicians who require hospitalization are admitted and followed by the Triad Hospitalists (board-certified internists). Communications among the family and sports medicine physicians and the hospitalists are excellent. Hospital admissions are at Moses Cone, or Wesley Long both of which are part of the Cone Health System. At the 2 Cone hospitals in Greensboro, there is a comprehensive range of secondary and tertiary level diagnostic and treatment services and 800+ beds. The family medicine residency program at Cone is affiliated with UNC Medical Center - Chapel Hill.

Community Information: Greensboro is a city of 300,000+ people, with a regional population of approximately 1.6 million. Greensboro is located in the central "Piedmont" area of North Carolina, within easy driving distance of both the mountains and the beach via Interstate 40 and several other major highways. There is a four-season climate (winter is very short and moderate!) The Piedmont Triad International airport in Greensboro has 6 different airlines and 65+ flights daily, direct to major cities in the East, South and Midwest. Arts, education and recreation opportunities are plentiful in Greensboro, including 4 colleges and universities, the prestigious Eastern Music Festival, a regional shopping and convention center, a great park system with lakes, bike trails and gardens, a variety of public and private schools, diverse faith organizations, and numerous clubs and groups to engage nearly every possible interest.
